

School District of Bayfield Board Report

Sandra J. Raspotnik, Director of Pupil Services/Special Education
September 5, 2012

We have had a very busy start of the school year. We continue to work on staffing for the special education program. We have students with many needs coming into the district. After everything gets settled down I will be able to give you an exact count of students on either IEP or 504's.

Most of the PBIS signs have arrived and they will be put up throughout the school building. When you come into school check out the banners that are being displayed for the Strive for 5 program.

I provided information to the staff and the bus drivers on the new law involving seclusion and restraint, Act 125.
