SUBJECT: July District Administrator Report

1. Summer Work

It has been a very busy month since school let out in June. The first cycle of summer school went well. Attendance was up over previous years. The revised course offerings were engaging for children and staff alike. Kudos to Linda Weber for her good work and leadership on summer school. A great deal of work has taken place in the two school buildings. The air exchange project and the handicapped access ramp/stairs projects are complete at LaPointe. Heavy cleaning and painting at LaPointe begins this week. The HVAC project continues at Bayfield as well as flooring replacement around the building and new furniture for a number of rooms. Kudos to Steve Dunn and the maintenance crew for their good work.

2. PBIS Recognition

The DPI has selected Bayfield Elementary, Middle School and High School for PBIS honors. The elementary school has been recognized as a School of Merit. The middle and high schools have been recognized as Schools of Distinction. This recognition is well deserved and something our school district and community can be proud of. Kudos to Jeff Gordon, Janine Johanik, Missy Giesregen and Mark O'Neill for their leadership on this critical initiative and to the entire Bayfield staff for carrying out PBIS each day in their work with children.

3. BEA – School Board Contract Negotiations

BEA leaders and Mrs. Johnson and I met to negotiate the 2015-16 BEA base wage and distribution. The BEA has accepted the Board base wage offer. Distribution will be as per the teacher salary table that was adopted earlier in 2015.

Dear Dr. David Aslyn:

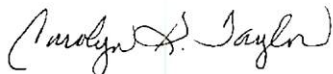

I am pleased to acknowledge that Bayfield Elementary was selected by the Wisconsin RtI Center as a School of Merit for their work accomplished through the implementation of Positive Behavioral Interventions and Supports (PBIS).

The Wisconsin Response to Intervention (RtI) Center is funded by the Wisconsin Department of Public Instruction to provide statewide training and technical assistance to help create responsive schools and districts. PBIS is a system-wide proactive framework that enables schools to be more effective and responsive to student social-emotional needs by implementing a multi-level system of support for behavior. Bayfield Elementary was one of 165 schools statewide to be recognized as a School of Merit for the 2014-15 school year.

Schools were recognized as Schools of Merit based on an application process that included team and meeting information, implementation and outcome data, and a narrative that described the data, systems, and practices of PBIS implementation.

Congratulations and a job well done for the staff and students of Bayfield Elementary. As a School of Merit, Bayfield Elementary will receive a banner and recognition at the annual PBIS Leadership Conference this August. If Bayfield Elementary is not present at the conference, the banner will be mailed to the school or district.

Sincerely,

Carolyn Stanford Taylor
Assistant State Superintendent
