

Scott Stralka  
Principal K-12  
School District of Bayfield  
Report to the Board  
February, 2015

January 8 – 16<sup>th</sup> : Our elementary, middle and high school Math and ELA teams participated in the Schoolwide Implementation Review (SIR) process to determine our current levels of implementation and progress of our RTI initiative. The areas assessed include: High Quality Instruction, Balanced Assessments, Collaboration, and Leadership and Organizational Structures. Our next steps will include using this information for our RTI action planning.

January 23<sup>rd</sup>: End of the second quarter and Semester I. This was an early release day for our staff and students. Staff completed their report cards. On this day, our middle school staff participated in the Middle School All Star Basketball Game against the students. Staff and students had a great time.

January 23<sup>rd</sup>: This marks the conclusion of our Winter Universal Screening window for our students completing the STAR testing. This will give our staff an opportunity to measure student achievement comparing the fall and winter benchmark scores in reading and math.

January 27<sup>th</sup> and 29<sup>th</sup>: On January 27<sup>th</sup> our senior students participated in the NAEP assessment. The students took the science, math or reading assessment on tablets in the LRC. The students did a great job. Nancy Larson did an excellent job assisting the NAEP representatives on this day. On January 29<sup>th</sup> our 4<sup>th</sup> grade students also participated in the NAEP assessment on tablets for reading, math or science. The students were great. Middle School (8<sup>th</sup> grade) will participate in the NAEP assessment on February 10, 2015. A big thank you to Karen Grieve for setting up the infrastructure with the NAEP representatives for all three schools.

Future Assessments: Badger Exam and ACT

February 2-6: High School Homecoming Week: High School students will work diligently on their class projects / decorations for Homecoming.

Collaboration: Attached is the collaboration calendar for the month of February.

# February 2015
