

Rec Center Report, July 5, 2016
submitted by Scott Armstrong

Facility Update:

RFR's fiscal year ends June 30 to coincide with the school's. We are still completing our usage counts and will present a complete version in August, but the year 2015-2016 will certainly be the most successful year in our 10 years of operation. We will be close to a total of 50,000 visits to our facility and programs. In 2006, the total was 30,700.

Summer programs are going well. Outdoor Adventure Camp filled very quickly and the kids will be doing sailing, biking, gardening, hiking, paddleboarding, skateboarding and swimming. A volunteer installed a new concrete element in the skateboard park and that outside area is getting regular use all summer. North Coast Community Sailing is developing a community sailing program where kids can keep sailing and learning after they take one of our week long classes. Seniors continue to attend our yoga, SilverSneakers and AquaFit classes in strong numbers.

The pump replacement project installed 7 new pumps in our heating system that send hot water to our 7 heating zones when demanded. These pumps are also significantly more efficient and will save electricity.

Barb Rebak will be doing an 'externship' at the Rec Center this summer. She will be volunteering in a variety of tasks to learn about our operations, including working as receptionist, camp counselor, and assisting with many phases of the Point to LaPointe Swim.
