

# **School District of Bayfield**

## **Board Report**

**Sandra J. Raspotnik**  
**Director of Special Education/Pupil Services**  
**Elementary Principal**  
**February 2, 2016**

A meeting was held with a number of people who are administering grants that are for the children in our district. The purpose of the meeting was to make connections with everyone and determine when and how the grants were progressing to meet the needs of our students. The offer was made to have some of the groups to work with MS/HS students during Troller Time. Anne Sullivan has been instrumental in making this happen. We are also researching the possibility of providing space for groups to meet after school in conjunction with TAP. The concern would be additional bussing. We are trying to figure out how to collaborate to cover additional costs.

The Elementary, Middle and High school staff are completing the SIR survey. This will give us information on where we are with the RtI process and give us information on what needs to be done next. We will develop an action plan based on these surveys.

We are hoping to have someone come to the school to offer a yoga class for staff after school. I believe I have someone lined up and have had many staff members expressing an interest.
