

# SCHOOL DISTRICT of BAYFIELD

---

TO: Superintendent and Board of Education

FROM: Steve Dunn

DATE: July 6, 2016

SUBJECT: July Board Report

Buildings and Grounds: Special work ahead: Bayfield scoreboard, new cabinets and countertops for rooms 315, 316 and 318. Band room practice room overhaul with walls opened up with new glass doors and windows to allow instructor to see into all rooms from his office.

Transportation and Vehicles: All vehicles will get serviced this month as their use is slowing down. The new mini bus should be here any day now.

Safety and Crisis Management: Still working on Crisis Plan and we will order supplies and go-bags for emergency evacuations and such.

Planning and Projecting: Looking to switch cleaning chemicals. New cleaning agents have a peroxide base which is cheaper, greener and only have to use two chemicals for all cleaning.

Staffing and Personnel: Good crew working hard.
