

Scott Stralka  
Principal 6-12  
School District of Bayfield  
Report to the Board  
October, 2011

October 3 – 7 : I enjoyed my first week leading up to Bayfield's Apple Festival. Many of our staff and students worked diligently throughout that week preparing for this spectacular event. On Friday, our staff received information about Response To Intervention (RTI) and our goals for implementation.

October 13, 2011 : I attended a truancy meeting at the Red Cliff Tribal Courthouse. Discussion included strategies for early interventions prior to receiving a citation for truancy.

October 17 and 18, 2011 : I attended a live meeting over the web concerning our Safe and Supportive Schools initiative. This meeting provided information about PBIS and the available resources at the December 8, 2011 conference in Wisconsin Dells. I will be attending this conference with Sandy Raspotnik.

October 21, 2011 : We will conduct our Regional in-service day at Bayfield. I will be facilitating RTI training along with the process for data analysis using progress monitoring and universal screening tools.
