

SCHOOL DISTRICT of BAYFIELD

TO: Superintendent and Board of Education

FROM: Steve Dunn

DATE: March 6, 2013

SUBJECT: March Board Report

Buildings and Grounds: The room change between 313 and 320 is 98% complete aside from the sink in Room 313. It was a big project to do during the school year. Many adjustments to room vent/heaters have been done this month also

Transportation and Vehicles: Bus #2 will get a new starter and relay over spring break. Also the suburban will need new tires. All will need oil change and service during spring break.

Safety and Crisis Management: A fire drill was held on Feb 26, 2013 with no issues and everyone clear of the building in 2 minutes. That is 72 adults and 360 students. Great job staff!

Planning and Projecting: Planning work for spring break and looking ahead for summer projects.

Staffing and Personnel: Evan Erickson just passed his bus license test yesterday so as soon as we have his information on file he will be our new island sub bus driver. Evan lives on the island and has been working part time for the ferry lines.
