

Rec Center Report for March 2011

submitted by Scott Armstrong on April 5, 2011

Facility Update:

Use is slowing slightly at the Rec Center as the weather turns warmer. Cold April temperatures have not deterred the skateboard kids who are out on the park regularly. A good day at the Rec Center still features 100 visitors. Current school use consists of high school PE swimming, 2nd grade swims, the after school program and a few special “reward” swims for various teachers.

Our newsletter announcing programs for spring and summer is due out soon. We are offering a lot of things for kids this summer – swim lessons, Thursday Fun Camp, Red Cross babysitting class, WI boater safety, a skateboard clinic and free lunch for all kids all summer (courtesy of the Red Cliff Food Program). I am in contact with Linda Weber about coordinating use of the Rec Center into the summer school program.

Work has started on the new steel roof and the installation of the furnaces. RFR is extremely grateful to the school for helping us maintain this facility for the children and people of Bayfield (and beyond). Please see letter attached.

Programs update: The following were offered in March:

Aqua Fit	Bayfield School Swim Lessons
Mah Jong	Bayfield TAP program
Northern Lights physical therapy sessions	Core Values
Birthday Parties	Home School swimming
Swim Team	Indoor Biking
SilverSneakers	Red Cliff Head Start family time
Sea Scouts	St. Louis School swim
Martial Arts	Walleyball
Strength and Conditioning
