

Rec Center Report for September 2011

submitted by Scott Armstrong on October 17, 2011

Facility Update:

Activity at the Rec Center has picked up with the start of school. We have already run a session of swim lessons and Let's Walk, Bayfield County, and started swim team, boot camp, Lego Club and Sea Scouts. Thanks to a grant from Essentia, we are expanding programming with various Red Cliff organizations, including evening and weekend visits from Family Services. We are also offering swimming to Mishomis House and will be teaching Red Cross pre-school swim lessons to Red Cliff Head Start children.

We have installed a new pool lift. This lift lowers a swimmer into the shallow end of the pool and allows access by disabled patrons. It has already been used for a physical therapy session. Seeing this wheelchair-bound woman swimming around the pool was very exciting.

We closed the Rec Center for 4 days over Applefest and did a variety of small maintenance projects, including shampooing the rugs, painting the showers, installing a new mirror, fixing benches, caulking, painting, cleaning and dusting.

Programs update: The following were offered in August:

Aqua Fit	Mah Jong
Northern Lights physical therapy sessions	Birthday Parties
SilverSneakers	Sea Scouts
Martial Arts	Little Kickers
Red Cross Swim lessons	Parks Service fitness testing
Coast Guard PE sessions	

MEMBERSHIP UPDATE

TOTAL 607 people who were members on SEptmber 30, 2011 261 member units
