

TO: Superintendent and Board of Education

FROM: Steve Dunn

DATE: May 5, 2010

SUBJECT: May Monthly Report

Buildings and Grounds: Call for bids on the gym air handling units, Domestic Solar hot water, and shingle roof repair have been sent out. Bids will be opened and considered at the Special Board meeting on May 13, 7:30 a.m. in the Administrative Conference Room.

Transportation and Vehicles: All district busses except the island bus passed D.O.T. inspection on Friday. The island bus will be inspected later when school is out.

Safety and Crisis Management: We will pull an evacuation drill and look down drill this month along with a couple of fire drills.

Planning and Projecting: Gearing up for all the summer work. Early this summer we will help clear out a spot for the garden project on the hill behind the Tech. Ed. Building. As I said earlier, they received a grant for the garden and tools including a cultivator which was purchased from ACE Hardware.

Staffing and Personnel: I am accepting applications for three (3) student workers this summer. The students will be selected by their school attendance record.
