

TO: Superintendent and Board of Education

FROM: Steve Dunn

DATE: June 1, 2015

SUBJECT: June Board Report

Buildings and Grounds: Many improvements planned for this summer. Island school will get new north and south entrance doors, sidewalk, site drainage and paint in the classrooms and hallway. Also, the north deck ramp will be remodeled. The main school building will get ready for graduation this week.

Transportation and Vehicles: All 4 buses passed the D.O.T. inspections for next year's operation. New tires will be purchased for all vehicles this month. Water Week transportation went smooth this year with all Viking and school vehicles busy each day.

Safety and Crisis Management: Fire Alarm System will be inspected this month – with multiple batteries replaced. Chris Plansky has been in contact with a company to install new camera system in the District.

Planning and Projecting: Planning on replacing fence on east side of playground. Also replacing tile floor in locker bay hallway–new entrance logo mats, carpet in locker room and band room hallway, and carpet in Room 208, 210, 211 and Pupil Services Office.

Staffing and Personnel: All summer staff has been reserved.
