

Athletic Director Report
November 5, 2012

The Fall sports season has completed with coaches and players having final meetings with each other to analyze the season. I will be completing the fall coaching evaluations for the staff prior to December with the evaluation forms signed and given to the District Office for their personnel files.

The Winter sports teams have started with Girls/Boys H.S. Basketball, MS Basketball, MS/HS Skiing, and MS/HS Wrestling. All the teams with the exception of the Ski team should be practicing on or before November 12, 2012.

Also, I have had a request by some high school students to have a boys/girls Cheerleading squad for the upcoming season. I will asked the student body about this and send out a survey to the students to determine who may be interested.

Sincerely submitted,

Jeff Gordon
Athletic Director/Dean of Students
