

Jeff Gordon  
Dean of Students/MS Principal  
Report to the Board  
March, 2017

Educator Effectiveness: The middle school teachers are working on three requirements in relation to the teacher evaluation process. Each teacher has completed the student survey and SLO (Student Learning Objective) requirement for their individual evaluation program. The next step to review the survey analysis and make adjustments to their professional development goals. We will continue to work on curriculum building with an emphasis on creating standards for individual grade levels.

Parent “Anti-Bullying Committee”: Planning is taken place with school staff to identify from the previous meeting what items will be placed on the agenda and topics that the parent committee would like to discuss as the committee prepares for their second meeting.

School-wide Attendance Committee: The ICW department for the Red Cliff Tribe has hired Krystal Topping, as the new Truancy specialist who will work as a liaison with the school district to support the districts effort to increase school attendance. Krystal attended a recent meeting with school staff to share her new role with truancy and how she can be of assistance to the school districts efforts in dealing with chronic absenteeism and truancy.

MS Ski Trips: The season is now over for the students who have enjoyed the ski trips at Mt. Ashwabay. Big “shout out” to all the kids and staff members who made this season a success!

Attendance: September 1, 2016 – February 28, 2017

School Years	16-17
