

## **School District of Bayfield Board Report**

Sandra J. Raspotnik, Director of Pupil Services/Special Education  
March 1, 2010

As of this date there are 107 students in the special education program and four students with 504 plans.

On February 3, 2010 I attended a mandatory REACH director meeting in Appleton. February 24, 2010 was a mandatory meeting for the Disproportionality team in Baraboo. Anne Sullivan, Tom Steckling, Doug Jardine, and I attended. There will be another meeting in April in Green Bay.

We continue to work with the Red Cliff Head Start program to build relationships and collaboration. We were very excited with the offer of the Launch program to provide training for our Instructional Assistants during the February 19<sup>th</sup> inservice. Dr. Andy Paulson presented and the I have heard great reviews on the day. There will be other opportunities for continued inservice. Dr. Paulson also was present for our Teacher/Specialist meeting with the RCHS staff in February.

The PBIS (Positive Behavior Intervention and Supports) committee is continuing the process of implementing this program in the school district. Recently the staff was asked to complete a survey to enable us to determine the goals and priorities of the staff in regards to working with behaviors of students.
