

School District of Bayfield

Board Report

Sandra J. Raspotnik
Director of Special Education/Pupil Services
Elementary Principal
January 4, 2017

Currently we have 96 students in special education, 3 students with a 504 plan and 9 students on an At-Risk plan. We currently have 8 referrals that are being worked on.

We will be holding a powwow for the elementary on January 6th. We have divided the students into two groups so the K-2 grades attend first and the 3-5 grades attend later.

The good and exciting news coming from Bayfield is that Karen Grieve has been selected as the Wisconsin School Counselor of the year by the Wisconsin School Counselor Association. They will be nominating her for the American School Counselor Association national award.
