

OUR TROLLERS JUST GOT YOUNGER!

High Quality 4-Year-Old Kindergarten (4K) Programing Comes to the Bayfield Community.

A high quality 4K education for your child is now available in one of our community locations, Red Cliff Early Childhood Center or Bayfield Family Forum. A 4K community approach means working together to forge a common goal: the emotional, educational, social, and physical well-being of children. Our program sites emphasize academic skills, exploration through creative expressions and offer a safe, happy and fun-filled environment. Our no cost 4K program will help prepare your child for kindergarten and provides a solid foundation for success in school.

Registration information will be out soon.

**Starting
September 2018**
