

**SCHOOL DISTRICT OF BAYFIELD****SCHOOL CALENDAR**

The Board of Education recognizes that setting the school calendar is a negotiable item as allowed in state law. Currently, the calendar is set on an annual basis by mutual agreement of the Board and the Bayfield Education Association. During calendar negotiations, administration shall give consideration to provisions in the Chequamegon United Teachers contract that are effected by the calendar.

A general calendar is recommended for each following year that may be used by parents/guardians and others as a reference guide in the school year.

The school calendar shall specify the opening and closing dates of school and provide for a minimum term of 180 school days in accordance with state law.
