

SCHOOL DISTRICT OF BAYFIELD

447.2

STUDENT DETENTIONS

The Board of Education believes that when students violate school rules and regulations, they shall be disciplined for their actions. Discipline may come in the form of supervised detention periods. For purposes of Board policy, "detention" means the temporary detainment after school or class to do extra work assignments or serve quiet time.

Students shall be given advance notice when they are required to serve detention and parents/guardians shall be notified.
