

**Athletic Director Report**  
**May 5, 2010**

- 1) Girls soccer has started and they are off to a great start. There are 21 girls participating this year.
- 2) I have contacted WIAA about the conflict between our second soccer regional game and our graduation being on the same day. The only thing we can do is adjust the start time if the other school agrees.
- 3) Our baseball team this year is really struggling for numbers this year. After getting clearance from WIAA, we now have a co-ed team. Thankfully, a couple of girls have joined the team to give us enough players to play out the season.
