

Athletics Director Report – June 7th – 2011

1 – The spring sports season wrapped up with the soccer and baseball team losing during regional play.

2 – The co-op soccer and football teams are starting to get organized. The travel situation has to be figured out for practices. I recommend waiting to see the number of participants that will need to be transported. Signup sheets are up, but more accurate numbers won't be known until summer practices start. The Washburn athletic director and myself have been discussing which games will be in Bayfield, which will be in Washburn for soccer. Also, which school will be taking care of the transportation for the different away games.

3 – This will be my last board report since I agreed to finish the year for Mr. Roseth. There are many things that have to be done in the summer so I recommend starting the search for a new athletic director.

Coaching Recommendations for the 2011/2012 seasons

Mark Dooley – Cross country coach

Mark O'Neill – Head Soccer Coach, (coop)

Ali Nyara – Head volleyball Coach
