

**Athletic Director Report**  
**December 7, 2009**

- 1) Middle school basketball ended on December 1. They had a successful season, with wins against bigger schools such as Northwestern and Ashland.
- 2) High School Girls Basketball began on Dec. 1. They have 17 girls on their team and have full JV and Varsity squads.
- 3) High School Boys basketball began on Dec. 3. We only have 13 boys on the team; therefore I applied to WIAA for the use of the 5<sup>th</sup> quarter rule. This allows us to maintain a JV team since players can all play 5 quarters.
- 4) I have been contacted by Loren Lapointe about co-oping middle school wrestling with Washburn. I have discussed it and included my recommendation. Also enclosed is the letter from Loren Lapointe.
- 5) I have been contacted by Ludlow North and will be meeting with a committee this month to discuss the possibility of adding Cross Country as a high school sport.
- 6) I have been contacted by the Washburn School about co-oping football. I will be meeting with a committee this month to discuss this as well.<sup>3</sup>
- 7) High School Wrestling started with its first match on Dec. 07. We have 11 wrestlers on the team this year.

Darryl Penner  
Athletic Director

## **Recommendations for 2009/2010**

### **COACHING**

High School Girls Basketball Ass. Coach – Joe LaGrew  
Middle School Volleyball – Lisa Bissell

### **CO-OPING Middle School Wrestling with Washburn**

I recommend that we allow our middle school wrestling team to co-op with Washburn. I believe this decision has the possibility of strengthening our wrestling program and would supply information needed to see if doing this at the high school level, in the future, would be a possibility. There are no added costs since middle school wrestling is a club and fees and transportation costs are supplied by the parents.
