

## **School District of Bayfield Board Report**

Sandra J. Raspotnik, Director of Pupil Services/Special Education  
May 5, 2011

On April 27 and 28 there was a mandatory meeting for the Disproportionality team in Green Bay. Anne Sullivan, Tom Steckling, Doug Jardine, Andrea Boulley and I attended. On April 26 and 27 we attended the Beyond Diversity training. We will need to set up a day to work on our evaluation from last year and will begin plans for the 2011-2012 school year.

The last Teacher/Specialist meeting with the RCHS staff was held on May 4th. The group will continue to meet next year.

The PBIS (Positive Behavior Intervention and Supports) committee is continuing the process of implementing this program in the school district. Missy Eid is doing a great job of working through the process with the staff. There will be additional training this summer.

The REACH program will be sending in its final report and finalizing the program. The training that was received through this program will be utilized with the RTI (Response to Instruction) programming.
