

# **School District of Bayfield**

## **Board Report**

**Sandra J. Raspotnik**

**Director of Special Education/Pupil Services**

**June 6, 2013**

This month I have to complete the disproportionality plan, self-assessment, review of Indicator 9 and 10, Graduation completion data, and the IDEA flow through budget.

I will be attending the Safe and Supportive School Summer Institute June 18 and 19 in Madison. There will be a team attending this training. We will be doing our annual plan and budget during the conference.

I have been working with Evelyn Azbell, Family Engagement Coordinator, to develop a partnership between families and educators for students with disabilities. Barb Gadbois has agreed to be the District Family Engagement Liaison. Barb will be trained through the Wisconsin Statewide Parent-Educator Initiative (WSPEI) program. She will assist in disseminating information to parents, developing a family engagement plan, and maintaining a list of district, regional, and state resources in regards to special education. I am excited to have Barb in this position and she will be an asset when it comes to developing our Family Engagement Plan which will be required for meeting the requirements of Indicator #8.

I have met with the Special Education staff and we have discussed the caseloads for next year. Because of the large number of students in the Middle School area, we needed to realign some of the teaching duties.
