

TO: Bayfield School Board
FROM: Dave Aslyn
DATE: June 5, 2013
SUBJECT: June District Administrator Report

1. Strategic Planning Update

A strategic planning area is now the District website to keep stakeholders informed on progress on the plan. Kevin Stranberg is nearly done with the data work on the community survey. A special School Board meeting for strategic planning is scheduled for 4:30 p.m. on Tuesday, June 25th at the school.

2. Insurance Task Force

The insurance Task Force met with M3's Jeff Steckbauer to discuss important employee health insurance matters. Staff members and retirees were also surveyed to identify key insurance plan features most important for staff/retirees. With the data gathered through the meeting, survey and recent WEA Trust renewal notice, Jeff will have information for consideration in the near-term future.

3. Superintendent's Coffee Chats

Another round of coffee chats has been scheduled. The schedule is 10:30 a.m. on Tuesday, 6/11 at the LaPointe Library, 10:00 a.m. on Wednesday, 6/12 at Legendary Waters and 10:00 a.m. Thursday, 6/13 at the Egg Toss. Coffee chats provide an opportunity for community members to share/receive information, get questions answered and share concerns/insights.

4. Construction Update

A lot of preliminary work is taking place for the Tech Ed Building project. Four 40 foot storage will be delivered next week to house materials/items from the Tech Ed Building and FACS Room. Required permitting has taken place and some early demolition work is scheduled to begin soon. Planning progress has been a bit slower with the FACS room project. A project budget will be presented soon with the intent of completing this project over the summer.
