

Rec Center Report, January 2015  
submitted by Scott Armstrong

**Facility Update:**

With the cold weather we are seeing visit totals over or close to last year's record numbers. November featured an all-time best 3761 visits. December featured 3322 visits, even with being closed for 3 days for Christmas.

Halfway through our fiscal year (same as the school's, ending June 30) we have spent \$10,720 of the \$40,000 allotted for capital improvements. One issue we need to deal with soon is the lights around the pool deck. Approximately half of the ballasts have burned out, one year past the 5 year warrantee. Replacement parts will cost around \$1000, but replacing a ballast means working at a 16' height, too high for our staff to safely do on a ladder. Steve Dunn is helping us find a local contractor to do it with scaffolding.

The new year always brings new members and interest in our facility. We brought back Friday Family Night (\$12 for the whole family) to create something healthy for families to do over the winter. New programs include (indoor) Kayaking, WI Boater Safety, Discover Scuba and a Pre-Natal Swim Class. We are working on an Indoor Walking class at the pavilion; we just need to find a reliable instructor. Membership prices will increase \$2 monthly starting on February 1.
