

Rec Center Report for May 2011

submitted by Scott Armstrong on June 3, 2011

Facility Update:

As the weather warms up the skateboard and basketball area has been very popular. Midday attendance in the fitness room is down from the winter, but many programs like Aqua Fit remain strong. Many elementary school classes are visiting the pool for an end-of-the-year swim and picnic.

Dave Doering received a grant of \$800 from the BCEF to help build a sauna with his tech ed class. I understand the school board voted to provide up to \$1000 for framing materials. RFR is moving to cover the rest of the project (total estimated cost \$5000) and we expect to begin the process of designing and building with Dave next fall.

Working with Linda Weber, we are hiring Savannah Swanson as our Summer Youth Coordinator. Savannah will be lead counselor at the Thursday Fun Camp and encourage to create other youth activities at the Rec Center.

The roof project is still being completed. They have also replaced the rotted sheathing and framing on the north gable end. Both projects should be done soon. We will start one more improvement project this June, replacing the air handling unit for the racquetball/fitness area. Also, the axle holding the pool cover broke in half last week. The company is shipping a new one, and we will need a clever contractor to take the existing unit down and install the new one.

Programs update: The following were offered in May:

Aqua Fit	Bayfield School Swim Lessons
Mah Jong	Skateboard Clinic
Northern Lights physical therapy sessions	Red Cross swim lessons
Birthday Parties	Red Cross Pre-School swim lessons
SilverSneakers	Get Fit Fast Boot Camp
Sea Scouts	Coast Guard training
Martial Arts	Walleyball
Kayaking Instruction	National Parks Service training
Red Cross CPR certification	Bayfield Youth Soccer registration
