

Student Council Report

February 6, 2013

- Last week was homecoming for the high school. The events were quite successful. All of the classes came together to complete two posters, one representing their class and the other supporting our school's athletes. In addition, each class decorated a classroom, choreographed an air band, and participated in several games.
- In response to homecoming, the student council met and talked about the positive and negative aspects of the week. Through our observations and discussion we hope to make changes to improve next year's proceedings.
- One of the main issues we discussed was overall student participation and expectations for the future. Our goal is to increase the level of involvement within the entire high school student body.
- During the week the classes competed in Penny Wars. This year the proceeds were donated to Hannah Hudson.
