

TO: Superintendent and Board of Education

FROM: Steve Dunn

DATE: June 8, 2010

SUBJECT: June Monthly Report

Buildings and Grounds: Jamar Company has been awarded the work on the air handling units in the gym and the solar domestic hot water system. The work has already begun on the solar water system.

Stalker Flooring will be here in June to refinish the gym floor.

Transportation and Vehicles: The express van will go to Von Holzens to have the traction control and anti lock brakes repaired. Bus #3 has a recall notice on the rear overhead panel. I will repair this here and send in the paperwork.

Safety and Crisis Management: Advantage Systems Group will do our yearly fire alarm inspection this month. This year we have had no false alarms or intentional trips.

Planning and Projecting: Working with Dave Roseth installing a 60' tower on the island behind the school to connect the technology from Bayfield to LaPointe. I have applied for the special use permit to zoning on the island and the meeting to discuss the tower will be held on June 16.

Staffing and Personnel: Three students will help the crew this summer.
