

School District of Bayfield

Board Report

Sandra J. Raspotnik

Director of Special Education/Pupil Services

Elementary Principal

June 7, 2017

I will not be attending the June meeting. I have been asked to be a part of a presentation at the Summer Institute, sponsored by DPI, to discuss how we use grants and keep them sustainable. I will be discussing the Safe and Supportive School grant, the Inspire grant, and the SOARing grant.

On the 15th and 16th I will be attending a Director's Summit at the Heartwood Conference Center.

We will be having an all district training on Trauma Sensitive Schools on June 8th. I am excited to have this training for all staff, including kitchen workers, custodians, secretaries, bus drivers and substitute teachers.
