

TO: Superintendent and Board of Education

FROM: Steve Dunn

DATE: February 8, 2017

SUBJECT: February Board Report

Buildings and Grounds: Vent/heat unit in rooms 314 and 316 are having issues every week, so I am working with Jamar to plan a total remodel of these units so they will operate reliably. I will be talking with Barb about the supervision at the games. The garbage that is left on the bleachers is crazy! It looks like the morning after Apple Festival after each game with candy wrappers, bags of spilled popcorn, pop bottles and whatever. It is getting out of hand and these items are getting caught up in the working tracks of the bleachers.

Transportation and Vehicles: All school vehicles are in good shape and bus D.O.T. inspections will happen next week. The bus that runs into new housing is becoming overcrowded and Mike is working with drivers to figure out a solution.

Safety and Crisis Management: Fire alarm system will get new 12V batteries for this year. MOU's with agencies for emergency relocation and temporary shelter is complete and on file.

Planning and Projecting: Chris Plansky and I have a meeting with RMM Solutions to do a school walkthrough and look at possibilities for keyless door entries.

Staffing and Personnel: I was asked how many folks are involved in custodial/transportation operations. Here is the custodian list: Rich Dunn, Patti Jeffords, John Reed, Birdie Pallas, Gary Smith, Dan Weber and Dave Weber. Bus Monitors: Ray Defoe and Diane Kangas. Ferry Boat Monitors: Nicole McNally, Jacki Noha, Jeff Theune and alternates. Island bus driver: Lori Hinrichsen.
