SUBJECT: October Board Report

Buildings and Grounds: Air handler #1 – new bearings installed. Air handler #6 in attic – pulley's realigned and new belts installed. Attic roof repaired. Found 11 holes. Air turbines also replaced. Generator up and running – serviced and new battery installed. New lighting on gym steps to exit. Stage also had new emergency lighting installed. Solar panels for preheat for hot water heater are bad and not recommended for replacement. Payback just not there. Recommend to remove when roof is replaced.

Transportation and Vehicles: Ludlow North had accident with Traverse #3. No one was hurt and no property damage. Repaired at Von Holzens. Snowplow, new tires, lights and rack have been installed on truck. New tires to be installed on white Express van. Ford Transit van needs new rear brakes. Taking it over to Ford garage. Express van for ABS.

Safety and Crisis Management: Fire drill was conducted on September 21 and went very well. Removed small bridge walkway on playground – had bee hive under it.

Planning and Projecting: Floor in concession stand. New outside door locks ordered. Going to LaPointe School to repair lights and install new cork boards. Ball field dugout and roofs, grandstand roof, bathroom, etc. to be replaced. Still have about 100 LED lights to be installed in the school. Need to consider some type of policy on food and drinks in gym.

Staffing and Personnel: Hiring new custodian for afternoon shift. One more custodian will be retiring in June. Need more substitute custodians and substitute bus drivers.

LaPointe School: Both furnaces serviced by One Guy Plumbing. Water pressure tank replaced because bladder was bad. Drain in the stairs bathroom replaced. Vent fan installed in kitchen by One Guy Plumbing. New sink and cabinet ordered for copier room. Getting estimate for missing rain gutters. Northland Fire & Safety going to LaPointe School to check fire alarms. Meg Brown doing a good job at LaPointe School. New bike rack for LaPointe School.
