## Agenda Item Details

Meeting                Feb 10, 2020 - Regular School Board Meeting Agenda

Category              4. Administrative Reports

Subject               4.5 IT System Administrator Report

Type                  Reports

IT System Administrator Report

1. WISEdata snapshot - We completed preparations for the January 28th data snapshot. It's too early to hear any feedback from the DPI yet, but I don't think we had any serious issues. We were reporting on year end data from the 2018-19 school year, as well as the 3rd Friday count and the Oct. 1st Child Count for students with disabilities.
2. E-rate - We filed for E-rate for the 2020-2021 school year. Along with the usual internet discounts, we are filing for category 2 reimbursements for upgrading switches, a firewall, a battery backup unit, and replacing older switch racks.
3. Adobe licensing - I am starting installation of new software in the business ed classroom using new Adobe licensing purchased as part of a CESA 12 consortium.
4. The security cameras have been installed in the new fitness room.
5. Our file server had a serious technical failure earlier this month. It was replaced under warranty. No data was lost. I will be evaluating our data backup systems as well as considering the possibility of purchasing spare hardware to minimize downtime in case of future failures.
6. I will be attending 2 conferences in March - Brainstorm (a statewide conference for IT techs and administrators), and a DPI WISEdata conference.

This meeting is a meeting of the Board of Education in public for the purpose of conducting the School District's business and is not to be considered a public community meeting. There is a time for public participation during the meeting as indicated in the agenda.
