| Meeting | Jan 18, 2021 - School Board Meeting Agenda - Revised |
| Category | 3. Administrative Reports |
| Subject | 3.5 Dean of Students/PBIS Coordinator/Athletic Director Report |
| Type | Information |

Positive and Supportive School Climate

The PBIS/RTI coordinators and coaches have met and started conversations for the upcoming Level 2 in-person program. We reviewed the action plan from last year and have made some edits and recommendations for this year; and, essential for the committee members to make sure the action plan was purposeful for the year. We will continue to offer support to the teachers, staff, and students in academics and behavior management in the classroom and overall school building culture.

Academic Achievement and Rigor

We have helped teachers and staff members with students and families with their homework and attendance matters and concerns. We coordinated effort to support families with academic follow-up, technology support, and other instructional efforts to assist the students. Parents and students are encouraged by staff to ask questions and request any assistance if needed.

Effective Communication

The Boys and Girls Club has held meetings with school staff to provide us with information about their tutoring program for our students in the upcoming school year. They are assisting the administration and teachers with support for students we identify needing tutoring services. The ages are 3rd grade through twelve grades. An excellent opportunity for teachers, students, and parents to utilize the program for those students who could use the additional help and assistance.

The Boys and Girls Club 3rd-8th grade tutoring program will begin at the end of January.

Athletics Update

The high school basketball teams have been practicing for two weeks now preparing for approximately four-week seasons of play. And the middle school girls volleyball will follow starting practices on Tuesday, January 19th.

The coaches are taking safety precautions during practices with daily information placed on practice forms and turned in to the athletic director and school nurse. The cooperation from our maintenance staff has been very positive with the kids coming-in practicing and leaving the school building.

We will continue to follow Bayfield Counties order that doesn't allow fans to participate in gym during the event. So, we will be live-streaming on our district Facebook page for parents and the community to view.
