Meeting	Feb 15, 2021 - School Board Meeting Agenda - Revised #2
Category	3. Administrative Reports
Subject	3.4 Dean of Students/PBIS Coordinator/Athletic Director Report
Type	Information

Positive and Supportive School Climate

The students are back in school for Level 2, attending two days per week. As they become familiar with the school environment again, we are follow-up with them on the student handbooks to provide them with an opportunity to ask questions and for the administration to review and give feedback. The students are enjoying being back in school, taking all necessary precautions seriously and respectfully.

Academic Achievement and Rigor

With the new semester three-weeks in with classes, we are approaching students and families who may need additional resources or have questions with the new Level 2 format. The parents reach out to the teachers and administration on various problems involving the expectations with in-person and virtual learning. So far, it's been very rewarding to assist and help the teachers and families better the students' success. Hopefully, this will continue as we approach Level 3 or beyond.

Effective Communication

The Boys and Girls Club has held meetings with school staff to provide us with information about their tutoring program for our students in the upcoming school year. They are assisting the administration and teachers with support for students we identify needing tutoring services. It's an excellent opportunity for teachers, students, and parents to utilize the program for those students who could use the additional help and assistance. So far, as of February 8, there are 12 students signed-up for extra tutoring assistance from the Club. It will continue to grow as we involve the families and teachers in the process.

Athletics Update

The winter sports season is coming to an end soon. The girl's basketball team ended their season on February 9, with the girls playing a shortened season with ten games. The boy's high school will begin the tournament stretch with their game on Tuesday, February 16. And the middle school volleyball team's last game is scheduled for Monday, February 22.

Upcoming seasons for late winter & early spring sports teams.
