Meeting	Oct 24, 2022 - Regular School Board Meeting
Category	3. Administrative Reports
Subject	3.4 Elementary Principal Report
Type	Reports

Bayfield and LaPointe Elementary Monthly School Board Report

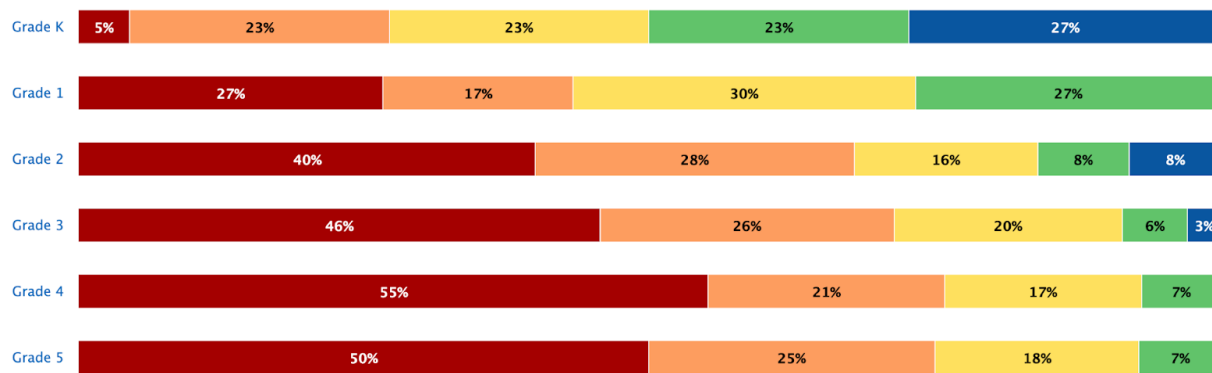

Submitted by: Mike Peterson

Date: October 24, 2022

Student Success:

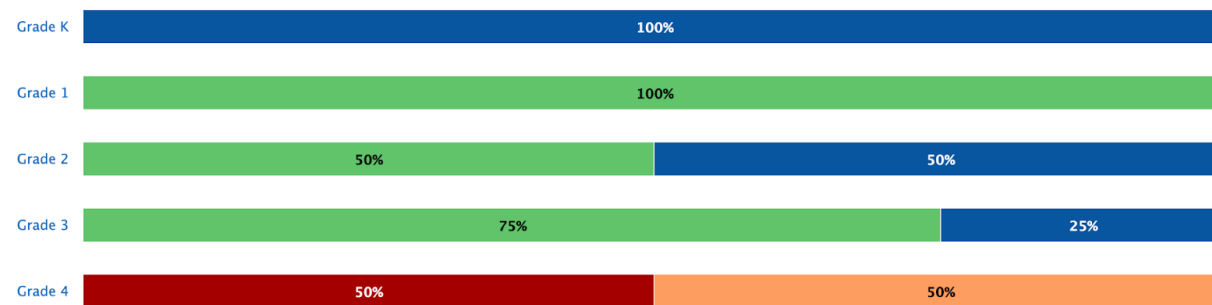

We have completed the administration of our new universal screener called the Measures of Academic Progress (MAP) from the Northwest Evaluation Association (NWEA) and our elementary teachers participated in a 3 hour training with a NWEA rep on 10-10-22 to learn how to utilize the data from this screener to support student growth. Teachers were shown many resources that they can use at the school level, grade level, classroom level, and individual student level to help guide their planning and instruction. The reports that are available from NWEA are a great way for teachers to see what areas (general) and learning targets (specific) each of their students can work on as well as seeing areas of our curriculum and instruction that need improvement. Teachers used much of this data to help drive the creation of their Student Learning Objectives/Professional Practice Goals (SLO/PPG) which is part of their evaluation through the Educator Effectiveness (EE) process. The ES teacher staff will now start moving forward in creating school goals based on this data. The MAP test will be given again in the winter and spring so we can track growth over time, eventually being able to track growth from year to year. Since this is the first MAP test our students have completed, we will use this data as our baseline in creating our goals for this year and determining our growth over the next few years.

School Achievement: Math K-12

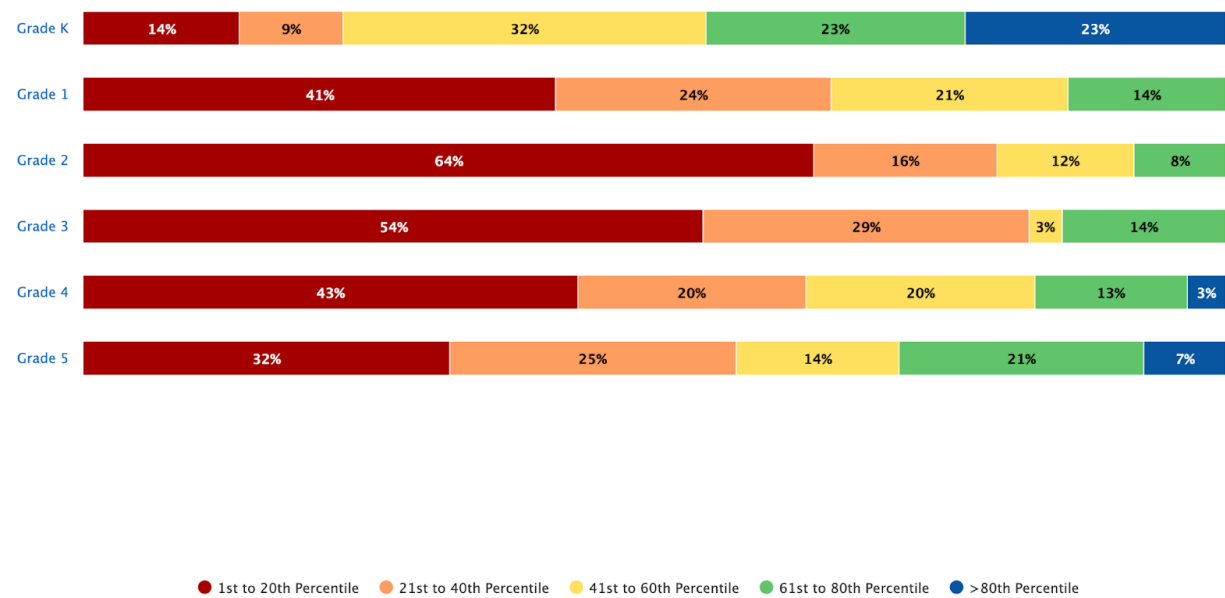

● 1st to 20th Percentile ● 21st to 40th Percentile ● 41st to 60th Percentile ● 61st to 80th Percentile ● >80th Percentile

School Achievement: Math K-12

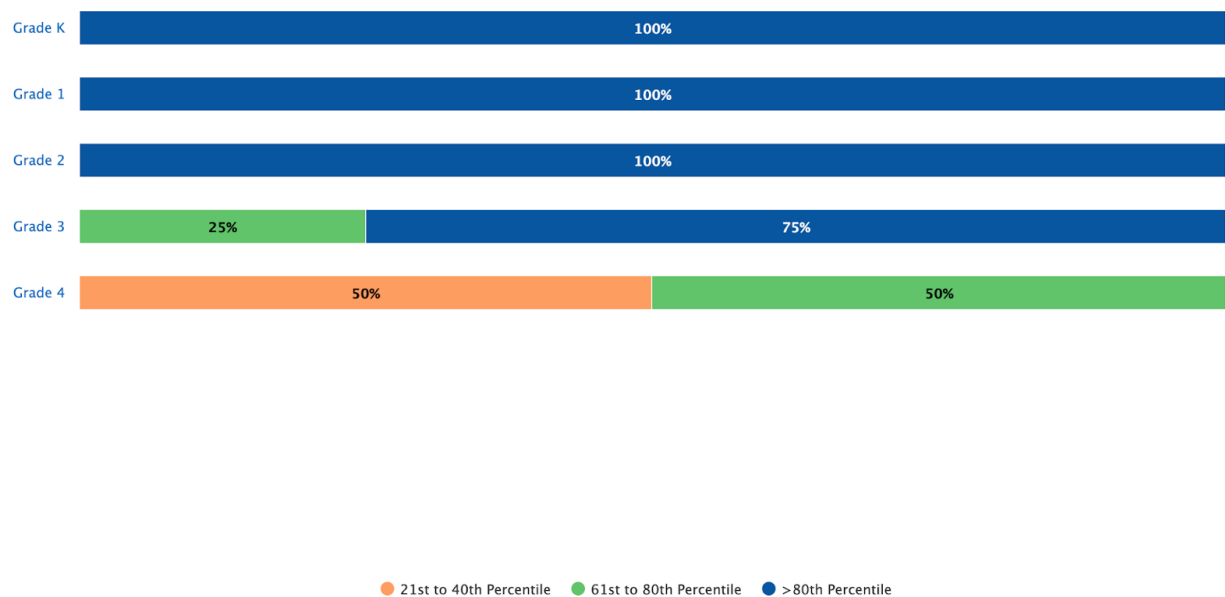

● 1st to 20th Percentile ● 21st to 40th Percentile ● 61st to 80th Percentile ● >80th Percentile

School Achievement: Reading

LaPointe Elementary

School Achievement: Reading

Student and Staff Health and Wellbeing:

The ES staff decided to utilize the evening of October 13th as a family engagement night as opposed to individual conferences. A group met to plan the evening and a scavenger hunt theme was agreed upon. Many hours of planning and prep went into the event and it was all worth it. Everybody had a great time and we felt many of our goals were met. Students and their families were engaged, families were able to see their child's classroom, as well as others in the school, and teachers and paras were able to meet families that were not able to make it to our open house in August. There were lots of smiles and plenty of laughter from students, families and staff as the scavenger hunt took place. It felt good to have our

families back into our building and the event was well attended, about 275 students and family members. Thirty-seven families won \$25 gift cards from Peterson's or Andy's (list of winners posted to FB and emails sent to individuals) as a show of appreciation for attending.

Strive for Five continues to be a school priority in teaching the behavioral expectations that ensure a safe and supportive environment for students and staff. Close to 50 students have "caught in the Act" for their positive behaviors and have received a prize from Lucy.

This meeting is a meeting of the Board of Education in public for the purpose of conducting the School District's business and is not to be considered a public community meeting. There is a time for public participation during the meeting as indicated in the agenda.
