

Agenda Item Details

Meeting	Jul 17, 2023 - School Board Meeting
Category	3. Administrative Reports
Subject	3.7 IT Systems Administrator Report
Type	Reports

Summer projects are ongoing. These projects include:

- (completed) - switching internet, telephone, and long distance services at the Bayfield building to Norvado from our current vendors
- (ongoing) - interactive whiteboard for 3rd grade - waiting for summer
- (ongoing) - room 328 whiteboard and interactive projector - waiting for summer
- (ongoing) - playground surveillance cameras - planning with vendor
- (ongoing) - virtual host server replacement - 1 server on order, will install in summer
- (ongoing) - wireless system for outdoor classroom - waiting for summer, planning with Joel Shilman
- (planned) - adding network, door access, surveillance, and telephone systems to generator backup - planning with Joel Shilman, waiting for summer, and electric work
- (ongoing) - computer and chromebook updates for staff and student machines

Switching internet and telephone service went pretty smoothly, and we are just finishing up some final details with canceling our previous services. The other projects are ongoing. We have the equipment we need, and we are waiting on our wiring contractor to finish the network wiring so we can proceed with installing the garden classroom wireless system, and so we can schedule an install date for the playground cameras.

We have also begun ordering equipment for the 2023-2024 school year. At this point, we are proceeding with scheduled replacements of equipment. Most of our computers and servers are replaced every 4-6 years. Some more durable equipment lasts longer, so we plan on a 6 year replacement cycle, and reassess that annually if the equipment is still performing well and the technology has not become outdated.

Respectfully submitted,
Chris Plansky
IT Systems Administrator

This meeting is a meeting of the Board of Education in public for the purpose of conducting the School District's business and is not to be considered a public community meeting. There is a time for public participation during the meeting as indicated in the agenda.
