

## Agenda Item Details

Meeting	Aug 21, 2023 - School Board Meeting - Revised
Category	3. Administrative Reports
Subject	3.7 Athletic Director Report
Type	Reports

We will now have live streaming capabilities for all sports and events in our gym as NHFS is being installed next week. Eight of the nine conference schools are now connected to the NHFS system which means we can watch all conference games on-line. The system is being installed at no charge to the district. Families can subscribe for \$11.95 a month or \$89.95 for the entire year. This also includes many national sports during the evenings and weekends as well. I will share all the information with the district when it becomes available next week.

The cross country and high school volleyball seasons started practice on Monday, the 14th. Volleyball had 18 players in attendance for their first practice and cross country had 7 runners. Cross country will be adding a middle school team this year. Our first meet is on Thursday the 24th in Ashland followed by LCO on the 31st.

Interviews for a middle school boys basketball coach are being held on Thursday, August 17.

This meeting is a meeting of the Board of Education in public for the purpose of conducting the School District's business and is not to be considered a public community meeting. There is a time for public participation during the meeting as indicated in the agenda.
