

**Agenda Item Details**

Meeting	Dec 16, 2024 - Regular School Board Meeting - REVISED
Category	3. Administrative Reports
Subject	3.7 IT Systems Administrator Report
Type	Reports

The DPI data snapshot is now complete. Most of the reported data validation errors were resolved or acknowledged before the snapshot, but there were a few minor issues that could not be resolved. Also, some IEPs for new students were not yet completed, which results in validation errors. This data covers the Third Friday of September and October 1st Child Count for the 2024-2025 school year, as well as the year end data for the 2023-2024 school year.

In December, we will be supporting the audio-visual needs for events like the Holiday Concert and movie night. Other projects include continuing to evaluate our needs for the future, regarding changes in the cost of licensing for our server infrastructure, security measures, and an online form submission system.

Respectfully submitted,

Chris Plansky

IT Systems Administrator

This meeting is a meeting of the Board of Education in public for the purpose of conducting the School District's business and is not to be considered a public community meeting. There is a time for public participation during the meeting as indicated in the agenda.
