Agenda Item Details

Meeting	Feb 17, 2025 - Regular School Board Meeting - Revised
Category	3. Administrative Reports
Subject	3.7 IT Systems Administrator Report
Type	Reports

We are preparing for multiple assessments in the spring of 2025. The ACT, Pre-ACT, and state Forward testing are all coming up, and I am working with District staff to make sure all of the technical requirements are met for testing. Also upcoming in the spring, we expect to install the new wireless system. Because the old system needs to be completely offline before the new system is turned on, we've been waiting for a long break where both of our IT staff are able to take on the project without disrupting educational activities.

Also this spring, I will be attending the Brainstorm conference in Wisconsin Dells. This annual conference of K20 tech staff like myself is a great place to network with other school techs, connect with vendors, and check out the latest educational technology tools. I will also be attending Google Admin training, to get the latest updates on tools for managing our student Chromebooks. And after the Brainstorm conference, we make our decisions on the final purchases for this year's budget, and begin planning for next year's budget.

Respectfully submitted,

Chris Plansky

IT Systems Administrator

This meeting is a meeting of the Board of Education in public for the purpose of conducting the School District's business and is not to be considered a public community meeting. There is a time for public participation during the meeting as indicated in the agenda.
