Meeting	Sep 15, 2025 - Regular School Board Meeting
Category	3. Administrative Reports
Subject	3.8 Athletic Director Report
Type	Reports
Goals	Student & Staff Health and Wellbeing

Fall sports are currently underway with all teams having competitions this past week.

Cross Country under Michael has 14 runners that he is coaching. His practice plans each day are different and the workouts seem to vary on their abilities. From talking to him and the team it seems as if things are going good. He is just trying to get them to improve on their times each race. The HS team consists of 10 boys and 1 girl runner while the MS team consists of 3 boy runners.

Volleyball under Kennedi and Dez LaPointe has 20 players that are participating. Each class has about 5 athletes competing so the coaches are able to have two teams. This past Saturday they put up a competitive effort in a 3 team tournament in Solon Springs. Though they lost both matches I was told that both matches went the distance in 3 sets.

MS Girls Basketball under my direction has 14 players out this season. A handful of girls are new to the sport so I have decided to only play 2 quarters for the 6/7th grade game followed by a full 8th grade game. Started the season in Mellen last Thursday losing the 8th grade game 25-16 but we were up at halftime 9-4. They gave a great effort and I was very pleased with them as it being our 1st game.

Fall sport schedules have been handed out and will be available at home events so that the community knows when our contests will be held. They are also up on the district website and daily game day posts are being sent out on facebook. We will also have a sandwich board across from the gas station whenever there is a home game with a starting time.

I personally have been busy stepping into this new role as Bayfields AD. At times very stressful seeing I never had a mentor coming into this position. I am learning on the fly the best I can. There are many things in the athletic department I have had to clean up and continue to do so. Soon I will start putting together the Winter sports schedule for games and practices.

Thanks
Daryl

This meeting is a meeting of the Board of Education in public for the purpose of conducting the School District's business and is not to be considered a public community meeting. There is a time for public participation during the meeting as indicated in the agenda.
